

NEUsed Project Requirements Document

Team: Jing Shen, Yijing Liu, Yixuan Yu, Siyu Chen

NEUsed Use Case

The diagram below demonstrates how NEUsed works using Use Case Diagram. Sellers could also be purchasers on our platform.

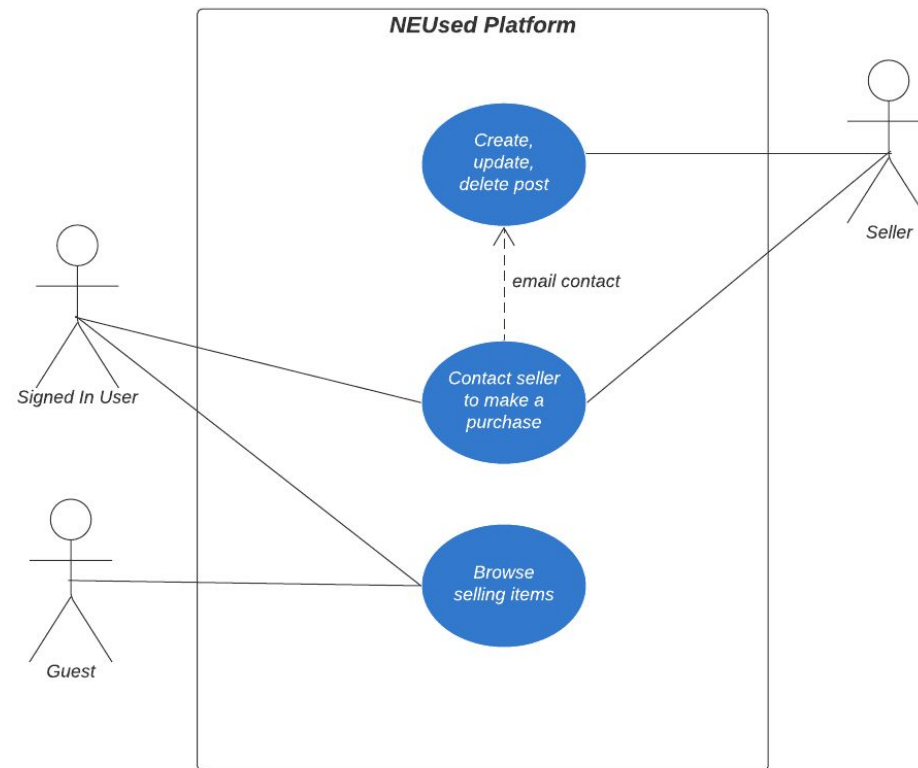

Diagram 0.1 NEUsed Use Case Diagram

Project Scope

Based on the planning meeting on 12/04/2020, our team redefined the project scope and selected some core functionality according to the team's resources. We will not include the payment functionality at this stage.

Page Requirement

#	Requirement	Description	Priority
Page 1.1	Homepage / Discovery page	The app should have a Discovery page as the homepage with posts displayed in time order (newest first)	Essential
